MODEL 21XX SERIES
HEPA AIR CLEANERS
Capable of Negative Pressure with optional flexhose

FEATURES AND BENEFITS:

- Powerful 2 HP motor generates exceptional, consistent flow rate and utilizes all filter media area
- 2 speed motor-provides consistent air flow of 2000cfm (high speed) and 1000cfm (low speed)
- 8 point motor/cage mounting prevents motor and cage shifting under the harshest conditions
- Seamless construction guarantees leak proof operation
- One of the lightest 2000cfm units on the market is easily transported by 2 operators
- Positive lock filter prevents filter movement for uninterrupted filtration
- Uses 24” x 24” HEPA filters, rated 99.97% efficiency at 0.3 microns
- 12 inch diameter collar on filtered exhaust side for attachment of optional flexhose to create negative pressure environment
- Minihelic differential pressure monitor, for determination of filter replacements, is standard
- General Purpose Filters & Audible Alarms are also available
- Custom controls & features available upon request
